NOTES TO FINANCIAL STATEMENTS

1. Summary of Significant Accounting Policies

a. Accounting Practices

The accompanying financial statements of American Colonial Insurance Company, Inc. (Company) have been prepared in accordance with accounting practices prescribed or permitted by the Florida Department of Insurance.

The Florida Department of Insurance recognizes only statutory accounting practices prescribed or permitted by the state of Florida for determining and reporting the financial condition and results of operations for all insurance related companies, for determining its solvency under Florida insurance laws. The National Association of Insurance Commissioners' (NAIC) "Accounting Practices and Procedures Manual" (APPM), which is effective January 1, 2001, has been adopted as a component of prescribed or permitted practices by the state of Florida. The APPM is a comprehensive guide to statutory accounting principles that contains "Statements of Statutory Accounting Principles" (SSAPs) for use by insurance regulators, insurers and auditors. While the APPM will generally be the foundation of a state's statutory accounting practices, it may be subject to modification by practices prescribed or permitted by a state's insurance commissioner. To management's knowledge, there are no prescribed or permitted accounting practices by Florida that differ from those found in the NAIC APPM and have a significant effect on the Company.
